THE ARREST OF W. G. BROWNLOW. Our special disputed from Eurocytlie this morning, announces the arrest and commitmen to jall of W. G. Binowntow, by order of Gen CARROLL, to await his trial for treason. Our correspondent does not state the fresh evidence of Browshow's treason that has recently been brought to light; but we presume it is a characlet sufficiently strong to warrant the rigorous course adopted in reference to his case. We are glad to see that heap, and not red-tope, will mark the policy of the administration touching treason and traiters for the future.
